

Corporate Volunteering with 2RPH

Build team spirit through a unique experience

About 2RPH

2RPH is a community radio station run by volunteers and reading to those who are unable to access published material. We read major publications to ensure vital information is available to all. These publications range from daily newspapers through to specialist magazines and can be either hard copy or web-based versions.

Our listeners appreciate the wide range of programs we broadcast which provide information, entertainment and help ensure enablement and inclusion in the wider community.

The opportunity

There is a truly unique opportunity for members of your team to broadcast live on-air.

As a radio reading service, 2RPH will welcome members of your team to come to 2RPH to supplement our regular volunteer readers. They would not only see what we do, but be part of the on-air reading crew.

We have five distinct shifts throughout the day to which two members from your team, can be allocated. Our regular readers will work with them to show them the ropes and introduce them to broadcasting live.

The experience for your team members will be reading to: our thousands of listeners; their colleagues; and for their families to hear first-hand of their volunteering effort.

This opportunity is available for your team for a small donation of \$500 per person, which will go directly to helping run the station.

Benefits for your team and organisation

- Your team will have the satisfaction, and FUN, of knowing they are participating in the only NSW radio reading service that broadcasts to those unable to access published material.
- A 30-second promotional message, about your organisation and worth \$600, will be played at the beginning and end of each shift.
- Your organisation will be introduced to over 100,000 listeners.
- Photos with our volunteers can be used in your internal and external communications to highlight your team and organisation's commitment to the community.
- In selecting this opportunity, you will establish yourself as an imaginative leader who inspires other leaders in your organisation.
- It will demonstrate your organisation's commitment to community outreach.
